Pastor or Ty will give you an agenda sheet so you will know the other of things. Also become familiar with the PowerPoint slides as they will also contain the videos for that service as well as with the songs slides, practice along with band if possible.

#### **Band Tear Down Up**

**No later then 10 min after church ends:** Please grab the carts that carry the equipment and then bring it to the stage.

- Remove all mics from stand and carefully and neatly put them back in the mic case.
- Disconnect the speakers audio and power cables and put the speakers in their cases.
- Put all power cables in the gray bin. Then roll up and place all mic cables in the gray bin
- When disconnecting cables from the audio mixer only disconnect the XLR cables, leave plugged in the 1/4 connectors labeled Aux 1 to 6 (there are 6 of them)
- Take all carts back to the K-house and place them in their designated spots according the map on the floor.

### **Sound Operator**

Please arrive no later than 9:15 AM and start bringing over the equipment along with the band members. Work with the band for the desired audio mix for the monitors when asked for help. Prioritize this mix first. Then work on creating a great house mix where vocals are clear and each instrument is heard.

You will need to come up to the stage before the speaker starts to speak to turn on the recording on the master iPad.

At the end of the service go to Master iPad, stop the recording, label who spoke, the system automatically dates it. Then save that setting so that it's finalized on the iPad iTunes App. Then assist in tear down.
